Artificial Intelligence

With the recent news reports surrounding Microsoft's dismal debut of Bing with ChatGPT we thought it was about time we introduced a tract dealing with the subject of Artificial Intelligence.

“Science is in pursuit of immortality.

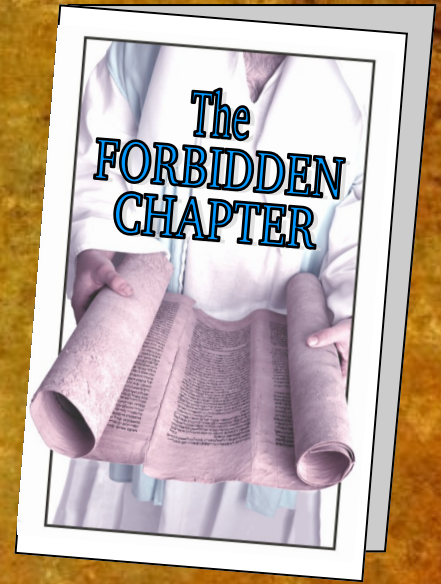

Some researchers believe that in the near future we will be able to digitize our personalities, feelings, memories, sensations, etc. and create a digital copy of ourselves interfaced with a robotic body which will never grow old and die. They do not acknowledge the existence of God who created us in His image, the reason we grow old and die, nor the only true source of immortality.”

But thou, O Daniel, shut up the words, and seal the book, even to the time of the end: many shall run to and fro, and knowledge shall be increased.” Daniel 12:4

NEW TRACT FOR JEWS COMING SOON

I was reading about the huge number of Jews in Israel who are receiving Jesus as their Messiah. Those involved in this effort say that there is no other method as effective as simply getting them to read Isaiah 53. That's when I realized that we needed a tract that used that same method.

"If you are a Jew, there is one chapter in the Tanakh you may have never read and that is Isaiah 53. Why do the Rabbis refuse to speak of it? Why are Jews discouraged from reading it?"

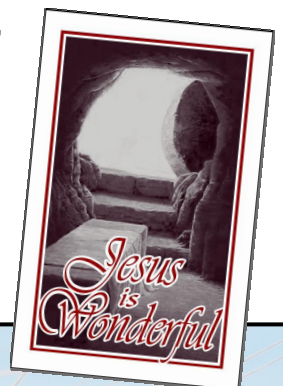

WE CLOSED OUR PAYPAL ACCOUNT

Our website www.hopetracts.org has always had an option for donating to this ministry through PayPal. This past year PayPal began deducting a percentage of each donation as a service charge. I tried to inform people who gave that if they did not like PayPal's new policy (and I suspected most would not) that they should consider donating by check or money order instead. A few weeks ago we were targeted by scammers posing as PayPal trying to get what was in the account. They were unsuccessful, but I made the decision to close the account. Only a few were using it, and I felt certain that some of them would stop once they learned of PayPal's new policy. If you would like to donate to this ministry so that we can continue to ship tracts all over the world at no charge, we ask that you do so through check or money order. Thank you so much!

VOGELPOHL FAMILY IN SCOTLAND

We are contacted regularly by a man named Rodney Crosby in Hampton, SC who has a ministry of ordering tracts for different missionaries around the world. One of those missionaries is Dana and Angie Vogelpohl who are serving in the country of Scotland. They received some of our tracts and distributed them in their town of Crieff as well as on the streets of Glasgow. They sent this picture of their oldest son John holding up the last tract they had to hand out. The tract in his hand is "Jesus is Wonderful" and is our most popular tract for Easter. We have already mailed them another supply.
